CHARITIES WE SUPPORT

Texas leads the nation in the number of deployed service men and women, and in the number of resident wounded veterans. In the past 15 years H.O.W.M. has donated over \$2.8 million to Wounded Military and their families. This money is given to three organizations that meet our very strict criteria for use of funds:

The Semper Fi & America's Fund is dedicated to providing immediate financial assistance and lifetime support to combat wounded, critically ill and catastrophically injured members of all branches of the U.S. Armed Forces and their families. We deliver the resources they need during recovery and transition back to their communities, working to ensure no one is left behind.

Homes For Our Troops (HFOT) builds and donates specially adapted custom homes nationwide for severely injured post-9/11 Veterans, to enable them to rebuild their lives. These homes restore some of the freedom and independence our Veterans sacrificed while defending our country, and enable them to focus on their family, recovery, and rebuilding their lives.

One Tribe Foundation is a global movement bridging the gap between veterans and civilians to build a community of support. One Tribe Foundation works to raise awareness to the suicide epidemic that is plaguing our country, and educate the public on mental health issues such as PTSD. One Tribe Foundation also serves as a resource for veterans, connecting veterans with programs and services in their local area.
